The revered Digambar Jain Saint Gurudevshree Kanjswami, from Saurashtra, Gujarat was an enlightened soul. He explained several facets of the Jain scriptures in a simple language for 45 years and brought out the essence of Jainism for the inquisitive souls. Today, thousands of his disciples study the concepts of soul orientation and self-realisation through the recorded lectures and books all over the country and abroad.

This booklet gives a glimpse of the two Art Camps arranged by Shree Kundkund-Kahan Parmarthik Trust, Mumbai to commemorate the 125th birth anniversary of Pujya Gurudevshree Kanjswami. The first Art Camp for Paintings was organised in the peaceful and serene setting of Adhyatma Teerth Kshetra Songadh, near Bhavnagar, Gujarat in August 2014, where 32 leading artists from all over the country participated and created 125 splendid paintings on the subject of Pujya Gurudevshree's life and messages. In another Art Camp for Sculptures

Forward

organised in early April 2015, at FLAME Campus, Pune, 16 reputed sculptors created 25 sculptures that embody the subject of liberated Saints brought into light by Gurudevshree and the Jain tenets.

The purpose of holding these Art Camps was to reflect the persona and preaching of Pujya Gurudevshree Kanjswami through the medium of art which is expressive, imaginative and transcends the barrier of languages.

The trust is grateful to the artists and Shree Prashant Shah, Managing Director, Painternet Art Exchange, organizer of the Art Camps for their creativity and dedication in accentuating exceptional work of art.

The complete work of the artists at the Painting and Sculpture Camps is covered in an illustrative art book available at the Art Exhibition.
